<h1>Local Cafe Opening Sparks Excitement</h1>
<p>A new Cafe on Main Street opens next week but not everyone is going for the drinks. The <cite>Kitty
Catfe</cite> will not only be the first boba/bubble tea store in town but also the first cat cafe. In a small town like
this, a cat cafe sounds like such a big-town restaurant to have but it seems like it will fit in just fine. The cafe has
partnered with the local Humane Society to give cats a place to stay until they find a forever home.</p>

<p>The owner of the store, Ashley, has said she is<q>Excited to bring a new hangout spot for people of all ages to
relax</q>. She also told us that she is glad that so many teenagers want a job at her store for the Summer. Not only
will they have cats and drinks, but they also have some cute pins and stickers for sale with their black cat logo for
your bag or jacket.

<h2>How to get Your Drinks</h2>
<p>The store has two sides and entrances. On the right side is the actual cafe where you order your drinks and sit
while you enjoy the downtown atmosphere. On the left side is the cat room with some chairs and couches so you
can lounge around while petting cats. In the middle of the two parts of the store, there is a hallway which is the
only way customers can enter the room with the cats. This is so none of the cats run outside while entering the
store. You <strong>are</strong> able to enter the cafe side through the front door. Hopefully, you love your drinks
and maybe you'll give a cat a forever home!</p>
